lle. Compa Polovitch The Valdentified Flying Chiects Rescurd Counities F. O. Len 5042 Amon, Gulo

Door it. Popovitch:

this is in reply to your letter of 21 January 1939 in which you guided an earlier letter to this Agreey on the subject of Eddentified Flying Objects.—We have also reviewed the copy of the Fitzerald Report which you enclosed.

In your lettern you have caled a maker of quotions excerntre til subject of unidentified flying objects, how there extent
national occurrity, and econstably limites internation in tolog
without from the malic.—some six years ago when there was a
question to to unabor the rush of reported eligitings occurring
at them time alget your same times to rectional ecounity, a pecul
of equate was estail by infine extensity to make an accessment of
and possible throat. As you enhantedly know from subsequent
public information, this pecul resolved the conclusion that there
was exhibited to our powerty in the matter. This conclusion
was public last year.

The total responsibility for the Communit in dealing with USO carters is vested in the U.S. Air Force and that is the department curvature and responsible for asserting the questions posed by experimental as and as years. This Agency has no jurisdiction or responsibility in this even and is therefore not in a position to supply too information you have requested.

Very truly yours,

Francisco otticon Figure 9 15 M 159 Mills

Doer its. Popovitch:

this is in reply to your letter of Pl Jamery 1939 in which you quited to earlier letter to this Accord on the subject of Buildhollifed Flying Objects. We have also reviewed the copy of the Fitzgerald Report which you enclosed.

in year lettern has here coind a maker of quations concerning the subject of unidentified flying objects, has these effect
exclored everyty, and secontially united information in total
visitual from the public. Here six were any when there was a
qualitie so to whether the rich of reported olditings occurring
et that the eight pose-size threat to realised becaulty, a pecul
of equate was ested by higher extendity to make an essencent of
eved possible throat. He just establishedly know from edisoquent
public information, this seed resolved the conclusion that there
was realing induced to our provide in the matter. This conclusion
was make public last year.

The total responsibility for the Community is decline with USO serious is wested in the U.S. Air force and that is the department and responsible for asserting the questions people by experimental such as parts. This Agency has no jurisdiction or responsibility in this error and is therefore not in a position to supply too information you have requested.

Very truly yours,
